DETAILED ACTION

Ex-Parte Quayle Action

This application is in condition for allowance except for the following formal matters:

Information Disclosure Statement

1. The information disclosure statements filed 19 March 2004 and 2 May 2005 fail to comply with 37 CFR 1.98(a)(2), which requires a legible copy of each cited foreign patent document; each non-patent literature publication or that portion which caused it to be listed; and all other information or that portion which caused it to be listed. It has been placed in the application file, but the information referred to therein has not been considered. Note: Examiner could not locate all of the references within the case file, nor within the parent case files.

Specification

2. The disclosure is objected to because of the following informalities:

Regarding paragraph [0053]: Replace "The POS 112" with --The POS 110-- so as to be consistent with the Figures. Appropriate correction is required.

Claim Objections

3. Claim 21 is objected to because of the following informalities:

Regarding claim 21, line 6: The term "transaction card" does not have proper antecedent basis. Please replace "transaction card" with --transaction device--.

Appropriate correction is required.

Allowable Subject Matter

Art Unit: 2876

4. Claims 1-29 are allowed.
5. The following is a statement of reasons for the indication of allowable subject matter: The best prior art of record fails to teach the specific placement of the RFID module outlines into the sheet (i.e. that the outline is pressed so as to lie substantially completely within a transaction device transporter outside perimeter).

Conclusion

6. Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.

7. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure: U.S. Patent No. 5,769,457 to Warther which teaches printed sheet mailers and methods of making.
8. Any inquiry concerning this communication or earlier communications from the examiner should be directed to **Lisa M. Caputo** whose telephone number is **(571) 272-2388**. The examiner can normally be reached between the hours of 8:30AM to 5:00PM Monday through Friday. If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Michael G. Lee can be reached at **(571) 272-2398**. The fax phone number for this Group is (571) 273-8300. Communications via Internet e-mail regarding this application, other than those under 35 U.S.C. 132 or which otherwise require a signature, may be used by the applicant and should be addressed to [**lisa.caputo@uspto.gov**].

All Internet e-mail communications will be made of record in the application file. PTO employees do not engage in Internet communications where there exists a possibility that sensitive information could be identified or exchanged unless the record includes a properly signed express waiver of the confidentiality requirements of 35 U.S.C. 122. This is more clearly set forth in the Interim Internet Usage Policy published in the Official Gazette of the Patent and Trademark on February 25, 1997 at 1195 OG 89.
